

Q5) How to check whether the given number is positive or negative.

Algorithm :-

Step 1:- Read the Input

Step 2:- check the number is less than 0 If yes

Step 3:- Print message "Number is negative"

Step 4:- Print message "Number is positive"

Step 5:- Take input from user 'Y' for yes and 'N' for No to continue or not.

Step 6:- If Input is 'Y' then repeat step 1, 2, 3, 4 else Exit the Algorithm.
